this volume is intended to meet a widely felt need for an up to date and concise source book on the principal teachings of the catholic church since the close of the second vatican council there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in catholic practice that few people have been able to keep up with all that has happened a parallel purpose of this volume is to offer those who use it a handy guidebook of the

catholic tradition whether formally documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the church's hierarchical leaders the method followed in presenting the church's doctrine is a combination of history and logic doctrines are placed into a historical framework by tracing their origins to the old and new testaments and placing their development within the context of persons places and times the doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries the intended reading audience of this catholic catechism are all those priests religious and laity and above all parents and teachers who are looking for a concise statement of the faith they profess the conduct they practice and the worship they give to the lord from the catholic catechism by john a hardon s j

ressourcement theology a sourcebook offers a collection of texts previously unavailable in english from leading dominicans and jesuits who initiated a movement for renewal that contributed to the reforms of the second vatican council in the last decade theologians have undertaken a serious reappraisal of the contribution of ressourcement theology to 20th century theology in the catholic tradition and beyond this return to ressourcement has resulted in many of the principal texts being translated into english and re issued ensuring their accessibility to scholars across the globe despite this many of the earliest documents relating to the history of ressourcement theology are unavailable to most english speaking scholars as they are largely journal articles and book chapters published in french patricia kelly has selected the most significant texts that so far have been unavailable in english including the controversial piece by jean marie leblond the analogy of truth that was condemned in the 1950s by the vatican as well as the response to labourdette's attack on leblond penned anonymously by a group of jesuits all of these documents will help students and scholars to engage deeply with the history of the ressourcement movement and its relevance for the developments of the catholic tradition
