this book highlights the role of romani musical presence in central and eastern europe especially from krakow in the communist period and argues that music can and should be treated as one of the main points of relation between roma and non roma it discusses romani performers and the complexity of their situation as conditioned by the political situations starkly affected by the communist regime and then by its fall against this backdrop the book engages with musician stefan dymiter known as cororo as the leader of his own street band unwelcome in the public space by the authorities merely tolerated by others but admired by

many passers by and respected by his peer romani musicians and international music stars it emphasizes the role of romani musicians in krakow in shaping the soundscape of the city while also demonstrating their collective and individual strategies to adapt to the new circumstances in terms of the preferred performative techniques repertoire and overall lifestyle

if humankind can be said to have a single greatest creation it would be those places that represent the most eloquent expression of our species s ingenuity beliefs and ideals the city in this authoritative and engagingly written account the acclaimed urbanist and bestselling author examines the evolution of urban life over the millennia and in doing so attempts to answer the age old question what makes a city great despite their infinite variety all cities essentially serve three purposes spiritual political and economic kotkin follows the progression of the city from the early religious centers of mesopotamia the indus valley and china to the imperial centers of the classical era through the rise of the islamic city and the european commercial capitals ending with today s post industrial suburban metropolis despite widespread optimistic claims that cities are back in style kotkin warns that whatever their form cities can thrive only if they remain sacred safe and busy and this is true for both the increasingly urbanized developing world and the often self possessed global cities of the west and east asia looking at cities in the twenty first century kotkin discusses the effects of developments such as shifting demographics and emerging technologies he also considers the effects of terrorism how the religious and cultural struggles of the present pose the greatest challenge to the urban future truly global in scope the city is a timely narrative that will place kotkin in the company of lewis mumford jane jacobs and other preeminent urban scholars
