globalization and change the transformation of global capitalism explores the origins development and transformation of globalization from a critical and historical perspective berch berberoglu brings together eight essays authored by prominent sociological scientists from across the nation that examine the dynamics of globalization through an analysis of class relations and class struggles that define the contemporary global political economy by undertaking a careful examination of the contradictions inherent in capitalist globalization this book provides a thorough understanding of the issues behind the global capitalist economy and the struggle against globalization while at the same time offering a viable solution to the growing exploitation of labor throughout the world this study on global capitalism informed by class analysis is essential to anyone interested in the political implications of globalization and the unfolding class struggles

as transnational capital has become a mighty force controlling the economies of advanced and less developed capitalist countries around the world capitalism and capitalist relations of production have spread to and dominated societies and social relations in remote parts of the globe the resulting globalization of capital has given a free reign to the transnationals to impose on society capitalist practices on a global scale such that only the biggest and most powerful capitalist monopolies have become the real beneficiaries

this book examines the development and transformation of global capitalism in the late 20th and early 21st century it analyzes the dynamics and

contradictions of the global political economy through a comparative historical approach based on class analysis after providing a critical overview of neoliberal capitalist globalization over the past three decades the book examines the emergence of new forces on the global scene and discusses the prospects of change in the global economy in a multi polar direction in the decades ahead the book concludes by focusing on the mass movements that are playing a central role in bringing about the transformation of global capitalism

in this book sociologist william robinson offers a theory of globalization that follows the rise of a new capitalist class and a new type of state formation he explains how global capital mobility has allowed capital to reorganize production worldwide in accordance with a whole range of considerations that allow for maximizing profit making opportunities this worldwide decentralization and fragmentation of the production process has taken place alongside the centralization of command and control of the global economy in transnational capital in turn this economic reorganization finds a political counterpart in the rise of the transnational state in the future robinson argues hegemony will be exercised not by a particular nation state but by the new global ruling class who regardless of their nationality tend to share similar lifestyles and interact through expanding networks of this transnational state in this way the process of globalization is unifying the world into a single mode of production that is increasingly integrating different countries and regions into a new global economy and society robinson concludes that because the new global capitalism is rife wit

political space seems to be shrinking yet the term globalization is seldom mentioned in connection with political parties this book asks whether the time is now ripe for global political parties though global civil society is a buzzword activists seem to reject the idea of global political parties as irrelevant yet political parties remain the formal basis for government both nationally and in the current international system looking to the future will existing political parties democratize international governance or will new political parties emerge to fill this vacuum is this a role that the world social forum can play featuring contributions from major figures from samir amin to jan aart scholte global political parties is an exciting analysis of what the globalization of party politics would mean for the nation state global governance and democracy worldwide
